Work Experience

Wordpress Development Intern

DI Infotech Leaders Pvt. Ltd. | (Jan 2026 – Present)

- **Custom WordPress Development:** Developed and maintained 5+ WordPress websites, achieving significant reductions in load times through asset optimization and clean architecture.
 - **Design to Code:** Translated complex designer wireframes into high-fidelity functional web components, ensuring 100% adherence to UI/UX principles and brand guidelines.
 - **Backend Integration:** Streamlined site communication workflows by integrating robust SMTP services and advanced form logic, improving lead capture reliability.
 - **Performance & SEO:** Partnered with SEO specialists to implement technical on-page improvements, directly contributing to higher search engine rankings and improved Core Web Vitals scores.
